

# Transfer Seats

Is getting in and out of your vehicle a struggle?  
This could change your life.

Designed to eliminate risky transfers, prevent falls, and protect both passenger & caregiver. These seats can be for the driver, co-pilot, or mid-row positions.

**Call for an appointment!**

Schedule a private demonstration at our location or your residence of our array of products and technologies designed to improve your lifestyle!

## VEHICLE CONVERSIONS

For those that need more than a simple modification, we have fully converted wheelchair-accessible vans available in many configurations!

### Funding Options

- Financing available through: 
- Veterans Affairs
- Department of Vocational Rehab
- OEM Mobility Rebate Programs
- Up to \$1,000+ direct customer rebates

### Service Shop

- Full Service by ASE Techs
- Alignments
- All WAV Services

## WHEELCHAIR LIFTS

KEEPING YOU CONNECTED TO THE  
PEOPLE AND PLACES YOU LOVE

### Interior Lifts

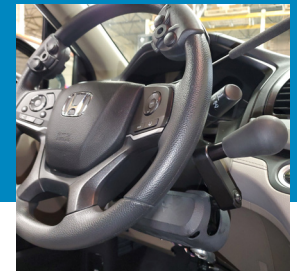

Take the strain out of getting your wheelchair in your car and let a lift secure it for you!

### Exterior Lifts

These heavy-duty lifts can make getting your mobility device into your vehicle a breeze and keep the space inside your vehicle available for everything else.

## DRIVING AIDS

With many possible configurations, we can find a combo that gets you on the road when you want and in your desired ride!

- Applicable for most model vehicles
- Hand Controls require assessment and training by Driver Rehab Professional to use
- Contact us to learn next steps to...

**Your Driving Freedom and  
Independence**
