

DRIVING FREEDOM & INDEPENDENCE

FOR THOSE WHO NEED IT THE MOST

SODERHOLM BUS & MOBILITY OFFERS AN ARRAY OF VEHICLES AND CONVERSIONS TO SUIT YOUR BUDGET.

From the moment we wake up many of us go about our day taking certain daily abilities for granted. We commute to work, pick the kids up at school, or stop by the grocery store without a second thought.

For those who either have a physical disability, or care for someone who has a disability, even the most routine tasks can be daunting, needing advanced coordination and planning.

Helping to alleviate some of those stresses, Soderholm Bus & Mobility specializes in personal mobility transportation and

adaptive driving equipment for the disabled community in Hawaii. From state-of-the-art wheelchair accessible vehicles, to customizable equipment for the vehicle you already own, Soderholm Bus & Mobility seeks to provide freedom and independence for those who need it most.

Call Soderholm Mobility to schedule an Appointment at our dealership on Dillingham Blvd. You can also schedule a private demonstration at your residence of our array of products and technologies designed to improve the lifestyles of the disabled community in Hawaii.

STATE-OF-THE-ART PRODUCTS & TECHNOLOGIES DESIGNED TO IMPROVE THE LIFESTYLES OF THE DISABLED & SENIOR COMMUNITY IN HAWAII

Swivel Seats for Higher Vehicles

A simple and reliable driver or passenger solution for access to higher vehicles, the Bruno Valet provides full power operation to eliminate the twisting, turning and climbing associated with entering and exiting many vehicles.

Exterior Platform Lifts

The Bruno Out-Sider lifts and stores your unoccupied scooter or power chair outside your vehicle at the touch of a button. Simply roll your mobility device on the platform from either side, hit a button, and let the Out-Sider do the lifting for you.

Passenger Van Conversions

With a variety of new and pre-owned wheelchair vans available, Soderholm Bus and Mobility can accommodate almost any wheelchair user. Each one of our wheelchair-accessible vehicles offers flexibility, interior space and reliability. Whether you want more room, style, entertainment features or just a great value, one of our Soderholm Bus and Mobility wheelchair vans can provide it.

Speedy-Lift

The name says it all: the SPEEDY-LIFT is a fast moving, effective wheelchair lift. A full cycle, all the way out of the vehicle and back in takes less than 30 seconds. Effortless stowing! You are in and on your way in no time!

Hand Controls

The MPS Monarch Mark IA hand driving control incorporates the most popular method of operation while minimizing fatigue. This control was designed to be extremely smooth and effortless to operate. Quality and workmanship quickly made this hand control a best seller.

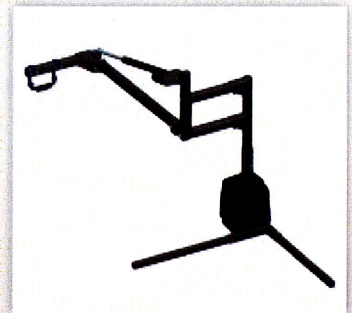

Transfer Seat Bases

Wheelchair van purchasers who want to drive or ride in the front passenger location use B&D's Transfer Seat Bases. These seats use the original seat from your vehicle to ensure a comfortable ride, and the original seat belt for the best safety possible.

B&D manufactures transfer seat bases for both the driver and passenger positions for virtually all makes of minivans and full size vans.

Truck Lifts

Harmar Truck Lifts are the perfect solution for pickup truck owners. With motorized rotation, powered boom extension, offset geometry, and increased lifting capacity, they can lift a power chair or scooter from the vehicle cargo area and position it beyond the lowered tailgate or on the sidewalk next to your vehicle.
